GERMAN SPORT GUNS

Carabina GSG **German Sport Guns** modello Webley & Scott **Xocet**:

Webley & Scott, storico marchio Inglese, ha commissionato a GSG German Sport Guns la realizzazione di una carabina calibro .22 lr bolt action che fosse classica e contemporaneamente innovativa.

GSG ha sapientemente prodotto una bolt action versione Classic in linea con la tradizionale precisione made in Germany, ed una versione Carbon che aggiunge un innovativo Carbon Bull Barrel Style costituito da un guscio in carbonio che protegge la canna e conferisce uno stile accattivante ed unico nel panorama degli *small bore rifles*.
